King Soopers Cards—Chelsea Hill for Cara Fleckenstein

- New cards are in at King Soopers after some confusion about which King Soopers was our “local” location.
- King Soopers corporate office had changed which department was handling the Grocery Card program, and some of our contact information didn’t make the transfer.
- We have received all the checks and funds that we’ve earned; we are receiving credit for all the cards we’ve purchased
- We haven’t received all of our account statements, yet. These contain information to track all of our cards, but it hasn’t affected our receipt of funds
- The information about (and it went out in the last newsletter) about how to use the cards to pay for a Clicklist order went out in the last school newsletter.
- Have not heard any feedback from our card users if they have been successful using the cards with Clicklist. So - if anyone at the PTO has attempted to use their card to pay for a Clicklist order, they could email me with any feedback.
